

HemoCue's Quality policy

HemoCue is committed to being a global leader in the professional point-of-care testing market with products and services of high quality. We will accomplish this by the following Top Management commitments:

- *Compliance with applicable national laws, regulations and standards.*
- *Securing a professional relationship with our customers through an effective two-way communication.*
- *Securing sufficient resources and efficient processes.*
- *Maintaining, monitoring and improving the Quality Management System.*
- *A decision making process that is built on well-founded data and on relevant trend analysis.*
- *Securing suitability and an appropriate number of suppliers.*
